Dear Matt,

On behalf of all the members of the Aviara Women's Club, we want to thank you for being the featured speaker at our recent luncheon event.

The member feedback was outstanding. People loved the story of how Call Sign, White Lily was created. And, your ability to create an interactive multi-media presentation had our membership buzzing long after the event.

I have never seen our members ask so many questions—always a good sign. The book, and your treatment of the subject matter, is a great tribute to the accomplishments of women everywhere, and gave us insights into Russia that one rarely appears in our news media.

Can't wait for your next book, whatever it may be. Let's do another feature event.

Cordially,

Catherine Morley  
President
